## ADVICE FOR VISITING TEAMS

**Parking:** Enter through the main school gates and use the car park immediately in front of you. Please do not park in the church car park or beyond the internal gates adjacent to the all-weather pitch itself, as this will be a potential hazard for our young players

**Pitches:** The all-weather pitch is accessed via double green metal/mesh gates visible from the car park. Follow the signposts to 'The Nursery' and then the 'All-Weather Pitch'. The AWP is just beyond the green gates on the right and is enclosed by fencing

**Toilets:** Separate boys' and girls' toilets are available round the corner from the school library block. Please ensure that your players leave these as spotless as they will find them

**Smoking:** There is a strict '**No Smoking**' policy at this ground

**Dogs:** We request that visitors do **not** bring dogs as this is a school facility.

**General:** Please be considerate to staff and other users of the facility with regard to parking, litter and general conduct. There should be no ball games in the area adjacent to the classroom block as windows may get smashed. Please ensure that players wear appropriate boots for the all-weather surface and that spectators stand outside the fenced area.
